

Aastra 6863i

An IP phone that is both Economical and Dependable

The Aastra 6863i delivers exceptional value in an enterprise grade SIP desktop phone. With a sleek and thin modern design, the 6863i rivals other higher priced SIP products in its class on its features, flexibility and value. This 2-line SIP phone with its 2.75" 128x48 pixel monochrome LCD display, programmable hard keys and smaller desktop footprint is an ideal option for professional workers in business environments that have light telephone use requirements. Featuring a true HD handset and speakerphone, the 6863i offers remarkable wideband audio quality. Dual 100 BaseT Ethernet ports with a hardware-based Ethernet switch, advanced XML capabilities for configuration and custom applications and a PoE class 1 rating are just some of the many features this very affordable SIP phone has to offer.

Key Features and Benefits

Remarkable Audio

All 6800i Series SIP Phones feature Aastra's high definition Hi-Q™ audio technology to deliver enhanced performance and voice clarity. Integrating HD wideband audio codecs, advanced audio processing and hardware components that support a true wideband frequency range, the 6863i offers a superior voice experience on each audio path – handset or speaker – making conversations crystal clear and more life-like.

Enhanced Call Management

With extensive storage capacity for personal directories, callers logs, redial lists, and 3 programmable keys the Aastra 6863i can improve efficiency by providing more call information with the push of a button. With dedicated hard keys including: Transfer, Callers List, Hold, Redial, Goodbye, Options, 2 volume keys, Mute (with LED) and Speaker (with LED) as well as a 4-way navigation with Select/OK key, the 6863i is easy to use and efficient for your everyday telephone use.

Environmentally Friendly

The efficient PoE Class 1 power rating – which is a convenient alternative to traditional AC power adaptors, along with other built-in low power management features showcase the 6863i's environmentally friendly design. The phone also supports an optional Efficiency Level "V" compliant power adaptor if required. With smaller packaging that includes 100% recycled and biodegradable material, the Aastra 6800i Series is one of the most environmentally friendly family of SIP phones on the market.

The Aastra 6863i is fully interoperable with all leading IP-PBX platforms
